| Sheet capacity*: | 6 5 (auto feed: 350) |
| Volume | 53 litres (shred bin) |
| Power | 230 V / 50 Hz** |
| Motor capacity | 200 Watt |
| Dimensions | 705 x 470 x 380 mm (H x W x D) |
| Weight | 20 kg |

* A4 paper 70 g/m² | 80 g/m² (for manual feed)

** other voltages available

By eliminating the need to manually feed papers, you can work on other tasks while the shredder shreds for you. Innovative auto feed system for automatic shredding of paper stacks with up to 350 sheets of paper (A4, 80 g/m²). Manual feeding of up to 6 sheets at a time (220 mm feed opening). Convenient control panel with LED indications for the operational status and push buttons for forward / stop / reverse. Auto start and stop via a photo cell. Lockable lid of the paper chamber with freely selectable 4-digit programmable PIN code lock protects sensitive information during auto feed shredding. Automatic disconnection of power supply in EcoMode. Quiet, powerful and energy-efficient motor. Separate cutting unit for CDs/DVDs/plastic cards. Safe operation provided by a comprehensive safety package. Elegant shred bin, removable to the front, with large window showing fill level. High shred bin volume of 53 litres. Automatic stop if the shred bin is full. Second bin for CDs/DVDs/plastic cards allows easy waste separation. Mobile on castors.

AUTO FEED

Paper stacks of up to 350 sheets can be placed into the feeding compartment of the innovative auto feed system for automatic shredding.

LEDs

Easy operation via push buttons for forward/stop/reverse. LEDs indicate the operational status of the shredder.

CDs/DVDs

Separate feed opening for shredding CDs/DVDs or plastic cards with a special cutting head. A separate bin allows easy waste separation.

LOCKABLE

Locking feature to keep your sensitive items safe during the auto shredding process: Simply load a stack of paper, shut the lid, enter code and walk away while it shreds the entire stack.

SHRED BIN

With window showing fill level and automatic stop if the shred bin is full or removed from the shredder housing.

SWIVEL CASTORS

The shredder is mounted on four swivel castors (two with brakes) which provide mobility.
